

MAN WITH A BEARD TAKES A NEW TACK

SENATOR PEPPER AMENDS HIS
BOND INQUIRY.

Venezuelan Question Comes Up In An
Unexpected Manner—Pension De-
bate In The House—Pacific Railroad
Bill May Be Acted Upon.—General
Washington News.

Washington, April 25.—At 2 o'clock Friday the bond resolution was laid before the senate, and Mr. Pepper, its author, proposed modifications to meet the criticisms in the recent speech of Mr. Hill. As modified the resolution strikes out the direction that the special committee of five senators shall inquire whether any officer of the government made any contract or agreement in connection with bond issues with the intent to receive commission or personal reward, and also the proposition that not more than two of the senators on the committee of inquiry shall be members of the same political party. The resolution then went over by agreement.

A Venezuelan debate came up when the item of the sundry civil bill was reached authorizing the Venezuelan commission to pay rent for its quarters out of the \$100,000 appropriated for its expenses.

Mr. Allison explained that the comptroller of the treasury had ruled that the Venezuelan appropriation could not be used for renting buildings within the District of Columbia. Mr. Gorman insisted on having the Venezuelan item go over until he could communicate with the treasury department.

The sectarian question came up in a new form when the items were reached appropriating for the Providence and Garfield hospitals at Washington for the care of destitute invalids. Mr. Gallinger (rep., N. H.) proposed an amendment requiring a contract to be made by Providence hospital. This brought forward Mr. Gorman in some general statements on the sectarian question. He said he confessed his amazement that the congress of the United States or any party in control of congress should be so far swept from the plain dictates of justice as to raise the sectarian question against hospitals. If it was for political purposes, Mr. Gorman declared, it would react on its authors.

Mr. Gorman moved to lay the amendment on the table, and the motion prevailed without dissent.

Mr. Gorman withdrew opposition to the Venezuelan item and it was adopted.

OPPOSE ADJOURNMENT.

Free Silver Men Insist on Action on
Pepper Bond Resolution.

Washington, April 25.—Senator Stewart and his free-silver friends have served notice that they will oppose the early adjournment scheme unless they can get action on the Pepper bond investigation resolution. The only opposition to the proposition of the republican caucus to quit and go home May 18 comes from the populist-silver quarter. The democratic leaders seem to have been won over entirely to the rush program. Senator Allison, chairman of the republican steering committee, will confer with Gorman, of the democratic steering committee, in a day or two as to the order of business during the next three weeks. To placate the silverites it may be found necessary to include the Pepper resolution in the list of things to be considered, though conservative republican sentiment is opposed to the idea.

PENSION DEBATE IN THE HOUSE.

Mr. Connolly Opposed to Giving Aid to
Confederate Deserters.

Washington, April 25.—Although Friday was private bill day under the rules, the house decided to proceed with the Pickler pension bill, and the whole day was consumed in the discussion of that measure. The feature of the debate was the opposition of Mr. Connolly (rep., Ill.) to the section of the bill which grants pensions to confederate soldiers who deserted and joined the union ranks ninety days before Lee's surrender. It is not probable that a vote will be reached before Monday.

At the night session eleven private pension bills were favorably passed upon, including bills giving the widow of Major-General Sprigg Carroll a pension of \$50 per month and General W. A. Morris \$75.

To Inspect Dutch Manuscripts.

Washington, April 25.—At the regular weekly meeting of the Venezuela boundary commission a number of documents were presented in behalf of Venezuela to supplement her case. The commission has decided to send one or more representatives to The Hague to examine the original Dutch manuscripts in the royal archives bearing upon the Venezuelan boundary question, but the persons have not yet been designated. Similar action was not taken in the case of Spanish archives for the reason that the Venezuelan government has supplied a number of certified copies of the Spanish records, and until these have been examined by the commission it cannot be known just what additional copies from Madrid are required. It is the general understanding that the Venezuelan commission will not report until December next.

Peace Between Congressmen.
Washington, April 25.—Thursday's

combat between representative money of Mississippi and Representative Hall of Missouri is considered a closed incident about the house. Mr. Money did not come to the house until an hour after it met, and was looking none the worse because of the affair. It is thought probable that the friends of the two combatants will bring about an amicable understanding between them. The trouble apparently had its origin in a misunderstanding. Both Mr. Money and Mr. Hall have expressed regret over the affair. Precedents are not lacking on which the house might take action on the affair if there was any desire to do so, but it is not likely official notice will be taken of it.

Reed and the Pacific Railroad Bill.
Washington, April 25.—Reports that the Pacific railroad bill would not be brought up this session in the house, but would be referred until the next, do not seem to be well founded. Members who have talked with Speaker Reed learned that the speaker believes the house should be given an opportunity to pass upon the bill at this session, and he says that time undoubtedly will be given for consideration of the bill.

American Warships at Shanghai.
Washington, April 25.—Four of the vessels of the Asiatic squadron have rendezvoused at Shanghai preparatory to undertaking the periodical squadron drill and maneuvers required by the naval regulations. The vessels are the Boston, the Machias, the Yorktown and the Detroit. The flagship Olympia is unable to get up the river as far as Shanghai to join the other vessels of the squadron.

Assured of Dygert's Release.
Washington, April 25.—Consul-General Williams has cabled the state department that Dygert, the Illinois young man confined in prison at Guines, Cuba, has been released by order of Capt.-Gen. Weyler.

BASEBALL REPORT.

Only One Game Played in the National
League Yesterday.

The two clubs in the National League which generally are conceded to be strongest, have proved anything but invincible thus far. Cleveland has an even break to her credit, having been defeated again by Cincinnati in the only game played yesterday. Champion Baltimore, which looked invincible on paper, is away down keeping company with New York and Louisville. Boston, for that matter, is no better off. The season to date has been a great success. Chicago's team plays in Cincinnati today, tomorrow and Wednesday. Other league games scheduled for today are: Cleveland at Pittsburgh, Louisville at St. Louis, Boston at New York, Brooklyn at Philadelphia, and Washington at Baltimore. Score of yesterday's game:

Cincinnati0 0 2 2 1 1 1 0—8
Cleveland0 0 0 0 0 0 4 0—4

Western League.

The Western league clubs are showing good class in their opening games, and the standard of baseball generally is improving. Games played resulted as follows:

At Indianapolis—Indianapolis, 12; Detroit, 6.
At Columbus—Columbus, 3; Grand Rapids, 1.
At Milwaukee—Milwaukee, 7; St. Paul, 4.
At Kansas City—Kansas City, 17; Minneapolis, 0.

Western Association.

There were no Western association games yesterday.

Death in a Cyclone's Path.

Rosano, Va., April 25.—Friday afternoon about 4:30 a cyclone, accompanied by hail and a very heavy rainfall, struck the city of Salem, seven miles west of here, and, besides blowing down several barns, unroofing out-houses, and uprooting trees, completely demolished two houses, in one of which a family of eight colored people resided, all of whom and three strangers were in the house at the time of the disaster. Jane Harris and her 5-year-old son were taken dead from the ruins, and of the others four were badly injured, one, a 4-year-old girl, being fatally hurt. While considerable damage was done to property in other places in Roanoke County, no further loss of life is reported.

Stand for the Present Scale.

Terre Haute, Ind., April 25.—The Indiana business men's association was in session but a short time Friday morning. The scale committee reported its inability to reach any agreement with the operators. After a lengthy discussion, a resolution was passed that the men continue at work as long as they are paid 60 cents per ton, this being another concession of 1 cent. No order to strike was issued, but the delegates voted not to work for less than the present scale price, which means a lockout after May 1.

Teachers Meet at Ottawa, Ill.

Ottawa, Ill., April 25.—The first meeting of the teachers of the Northern Illinois Association was held at 10:30 o'clock Friday morning in the Baptist church, and was presided over by Superintendent O. T. Bright of Cook County. Many interesting papers were read and discussions held. It was decided to be the sense of the county superintendents of Northern Illinois that free text books should be furnished the schools. The convention closes this afternoon.

THE TRADE REVIEW BY DUN & COMPANY

INDUSTRIES EMBARRASSED BY
LACK OF DEMAND.

Distribution of Products Making Only
Fair Progress—Wholesale and Retail
Stocks Still Piling Up—The
Failures of This Year and Last at
This Time.

New York, April 25.—R. G. Dun & Co.'s Weekly Review of Trade says:

"Business has been favored with seasonable weather, and the distribution of products have made fair progress, not yet reducing retail or wholesale stocks far enough, however, to improve materially the position of the industries. Those stocks have apparently been large ever since the fever of buying last fall, and the actual buying for consumption is smaller than has been generally realized. Hence, all the great industries are embarrassed by lack of adequate demand, and in some cases the accumulation of goods in anticipation of demand has gone about as far as it can. Strikes of some importance are threatened in the building and window-glass trades, and the working force is lessened in the stoppage of some factories because orders are light. Again, prices of commodities are on the whole lower than ever before, having declined about 2 per cent since April 1, and 17 per cent since July, 1890, or October, 1892. The fall in manufactured products is a little less than it was April 1, but in farm products is greater.

"Speculation is swayed by trifling influences when markets are very narrow. The recent advance checked buying of wheat for export, and Atlantic exports for the week were only 1,084,264 bushels, flour included, against 1,768,873 last year, while Western receipts were 2,094,657 bushels, against 1,357,408 last year. Since July 1 Atlantic exports, including flour, have been only 72,900,000 bushels, against 87,500,000 bushels last year to date, though Western receipts have been about 177,000,000 bushels, against 139,000,000 bushels last year. With generally fair prospects as to winter wheat, the price has dropped about 2 cents, nearly one-half the rise based on gloomy reports early this month. Corn receipts continue heavy, and the price is a shade lower.

"A single enterprising buyer was able to push up the price of cotton an eighth, though the progress of planting gives promise of a large yield, and the receipts continue as large as in 1893, though about 386,000 bales larger for the year thus far.

"The situation in woolen goods does not improve, though women's dress goods are selling fairly, especially since invoice prices of some French goods were advanced, but the mills for men's wear, hosiery, and carpets are rapidly decreasing production. Leather is weaker, with heavy sales, averaging about 3 per cent lower for the week, although hides at Chicago are a shade stronger.

"Neither pig iron nor manufactured products have improved in demand as yet, though further combinations have raised the prices of rods and of bar iron to \$1.20, while steel bars sell at \$1.15, and nails are to be 15 cents higher after May 1.

"Brokers at Pittsburgh are still selling steel billets 60 cents below the pool price, though it was formed more than three weeks ago, and bessemer pig has declined there to \$13, with gray forge stronger. Many consumers of copper are working part time, and lake is offered at 10.65 cents. Tin is dull, but a shade higher, at 13.4 cents, and lead is dull, with large Western sales at \$3.07 1/2. The makers of tin plates have agreed to maintain prices, \$3.70 being still quoted for bessemer coke, full weight.

"Failures for the week have been 233 in the United States, against 230 last year, and 44 in Canada, against 37 last year."

TURKS STOP CHARITY.

American Missionary at Hadjin Forbidden to Give Relief.

London, April 25.—A Constantinople dispatch to the Chronicle says: "By an order from Stamboul, an American missionary at Hadjin has been forbidden to give relief. The Veli there has formally accused him of being the abettor of treason on the ground of the pretended discovery of an insurrectionary plot, in connection with which many young men have been arrested. There are many threats of a renewal of the massacres at Kharpoet. Crowds of Armenians would emigrate to America, but the government refuses its permission. Typhoid fever is raging all around. It is unsafe for foreigners to travel without an escort."

Denies a Published Statement.

Omaha, Neb., April 25.—Judge Keyser of the district court of Omaha has addressed an open letter to the Bee, repudiating the report current that he last week rendered a decision that a mortgage bond contract with a clause requiring payment to be made in gold was illegal. No decision was rendered and the report grew out of a mere remark to the defendant's counsel in the course of an argument and was not intended to govern the court in that case or future litigation. Counsel argued that the clause "gold coin or its equivalent" was a discrimination in favor of one kind of legal tender and contrary to public policy, but the court rejected this theory. The case is still pending.

MEET NEXT FRIDAY AT CLEVELAND, O.

METHODISTS READY FOR THEIR
CONVENTION.

About Six Hundred Delegates Will Be
In Attendance to Discuss Matters
Pertaining to the Welfare of the
Church—Questions to Come Up At
the Session.

Cleveland, O., April 25.—When Bishop Bowman of St. Louis calls the Methodist Episcopal general conference to order next Friday in the great drill hall of the Cleveland Central armory, the largest deliberative body in the world, the British parliament alone excepted, will be in session. Six hundred delegates will be seated in the pit allotted them. Considerably less than half of these will be laymen, though one of the propositions that will come up for heated discussion will be that to make ministerial and lay representation equal.

The abolition of the time limit, which prescribes that a minister shall not remain on one charge longer than five years at a time is proposed at the Cleveland conference, and the action on this question will be that of most immediate interest to the millions of Methodists in America. The discussion over the matter will be heated, and the action in regard to it will probably attract more attention than anything else which the body may do in its month's session. Whatever the action of the conference, that essential feature of the itinerancy, the annual restoration of pastors by the presiding bishops at the annual conferences, will still continue.

Another lively issue will be the question of admitting women delegates. The interest in this, however, is somewhat lessened by the fact that the result is now known, as far, at least, as the action of the annual conferences is concerned. The proposition was submitted to them, and the necessary three-fourths vote was not obtained. Four women delegates will go to the great convention with credentials, but as the committee on credentials must report before the body can indorse the stand of the 121 annual conferences, it may be that the women will not be able to act at the present quadrennial session.

CONFUSION IN PARIS.

Demonstration by Socialists Dispersed
by the Police.

Paris, April 25.—The activity of the socialists is a noticeable feature of the situation, and makes it evident that they regard M. Bourgeois' cabinet as more aptly representing them than any other they can hope for. Their wrath against the senate is correspondingly deep.

An immense meeting of socialists was held Friday night at the Tivoli vauxhall to protest against the action of the senate. Thousands of people had to be turned away, as they were unable to enter. Many deputies were among those present. M. Pelltan made an address to the huge assembly, in which he declared that the time had arrived for action and that the people must no longer put faith in words. M. M. Jaures and Vaillant also spoke. The meeting finally broke up in disorder with violent shouts against the senate.

The republican guard of police barred the way to the Place de la Republique, and in order to prevent the noisy demonstrators from reaching the boulevards they turned them in the direction of the Canal St. Martin. Several persons were arrested. The parade of the socialists in the boulevards caused some uneasiness.

This demonstration is the first evidence manifested of any general popular interest in the political crisis, and it seems to have been the result of the industrious efforts of the socialist leaders.

President Faure put in the day in conferences with the political leaders of the various parties, and M. Bourgeois' successor is still undetermined.

MADE A SORTIE.

Defenders of Bulawayo Attack the Na-
tives at Night.

Cape Town, April 25.—Telegraphic communication with Bulawayo was re-opened for a time Friday and then there was another break, believed, however, to be only a temporary interruption.

During the time the wire was working dispatches were received from several sources in the beleaguered town. The news flashed north is somewhat conflicting but the main fact seems well established that the British have made a sortie in force, encountered large numbers of Matabeles, inflicted great loss upon them, suffered in return, were at one time in danger of annihilation and finally retreated. It is thought the British have suffered in prestige by the sortie, and the town is in greater danger than ever.

Senator Hill Favors Matthews.

Indianapolis, Ind., April 25.—Gov. Matthews' managers have received word from New York that Senator Hill, who, it is said, will control the New York delegation in the Chicago convention is against Russell, and will probably give New York's vote to Matthews.

Harris Hurried to Joliet.

Freeport, Ill., April 25.—The sheriff hurried Frank Harris away Thursday night fearing some demonstration from a mob.

JOHNSON AND WOOD TESTIFY.

Further Evidence Against Jackson of
the Murder of Pearl Bryan.

Newport, Ky., April 25.—Interest in the Pearl Bryan murder case increases as the trial proceeds. Over 3,000 applications for admission tickets were made Friday. About one-half of the applicants were women.

Allen Johnson, the colored prize-fighter, was positive he had not made a mistake in describing Jackson's companion at the time he visited Wallingford's saloon Friday night. Could not recall names of anyone else who visited the wine-rooms that night. Witness saw Jackson and the girl get into a cab on the night of the murder.

L. D. Pock, the Newport shoe merchant who furnished the clew which resulted in the identification of the Fort Thomas victim, was next called. Witness was present at the examination of Jackson in Chief of Police Deitsch's private office. There was a large crowd present in the room when Keober identified Jackson as the man who left a valise at his place and requested him to give it to no one but himself. Jackson admitted he left the valise at Keober's place, and said it belonged to Pearl Bryan. At Chief Deitsch's request Jackson opened the valise handed him and looked at the stains inside; said the stains were blood ones. Chief Deitsch asked: "Whose head was in that valise?" Jackson replied: "It must have been poor Pearl's."

"Are you sure?" he was asked, and replied: "Yes, I know it was hers. Walling said so." Jackson said the head had been cut to pieces and thrown into the river.

Will Wood, the cousin of Miss Bryan, who was indicted at Cincinnati as being implicated in the murder, was then called. Witness said he knew Jackson; was great friends with him; told him the history of his past life; said his father had died when he was 15 years of age.

He said: "I received a letter from Jackson in October in which he said he heard Pearl Bryan was sick and asked me how she was. I answered and told him she had been sick for two weeks. Another letter came a week later. He inclosed a prescription for me to give to Miss Bryan. I gave it to her."

Declare for McKinley.

Bushnell, Ill., April 25.—Three republican conventions met in this city Friday and transacted considerable business in a very harmonious way. The senatorial convention assembled in the morning. Senator O. F. Berry of Carthage was nominated by acclamation to succeed himself. Judge L. Y. Sherman of Macomb and Representative U. A. Wilson of Rushville were nominated as candidates for the legislature.

The congressional convention was held at 10 o'clock. Col. B. F. Marsh was placed in nomination by acclamation, there being but one candidate.

The district convention met at 1 o'clock. J. M. Sholl of Carthage and J. O. Anderson of Decora were chosen as delegates to the national republican convention. Wash Brockman of Mount Sterling and J. H. Bastet of Quincy, are the alternates. These candidates had all been required to pledge themselves for McKinley.

Favors Harrison Anyway.

Indianapolis, Ind., April 25.—R. R. Shiel, who is as close to Gen. Harrison as any other Indiana politician and who wants to go to St. Louis as delegate-at-large, gave out a statement Friday which is in part as follows: "I know of my own personal knowledge that Gen. Harrison meant every word he said in his letter, but I am one who is not willing to take him at his word. While I know it will be a hardship on him, I believe that he owes it to the party and the country to take up the yoke, though it be a great burden. The day that he is nominated his policy is known, and with any one else nominated the same day it would be eighteen months before there would be any legislation and we should know what the policy would be."

Editor Rosewater Objects.

Omaha, Neb., April 25.—"Coin" Harvey lectured in Omaha Friday night, under the auspices of the Bimetallist league of Nebraska. He denounced the press of the state as subsidized organs of the money power. Editor Rosewater of the Bee was in the audience and resented the insinuations, and, after defending the press, challenged Harvey to a discussion of finance. Harvey declined. The affair created considerable excitement.

Wind Storm in Ohio.

Freemont, Ohio, April 25.—Sandusky County was visited by another terrific hail, wind, and electrical storm Thursday night. Much damage was done. In the oil fields numerous tanks and derricks were struck and demolished, and hundreds of barrels of oil consumed. The residence of Charles Yetter, east of the city, was wrecked by lightning, and the family seriously injured.

Will Not Visit England.

Cape Town, April 25.—Governor Sir Hercules Robinson has cabled the reply of President Kruger to Mr. Chamberlain's invitation to visit England to discuss the settlement of the Uitlanders' grievances to Mr. Chamberlain. The reply states in effect that President Kruger cannot proceed to England just now, as his presence in the Transvaal is demanded by the Volksraad.

STEVENS POINT NEN HELD FOR MURDER

CHARGED WITH STONING AN
UNCLE TO DEATH.

Anton and Joseph Cichosz Bound Over
For Trial This Morning—Wife
Of a Prominent Citizen Of Black
Earth Commits Suicide While
Insane.

Stevens Point, Wis., April 25.—[Special]—Anton and Joseph L. Cichosz, who are accused of killing their uncle, Anton Cichosz, by throwing stones at him, were bound over for trial on charge of murder at the conclusion of their preliminary examination held here this morning.

Suicide at Black Earth.

Black Earth, Wis., April 25.—[Special]—Mrs. George Thatcher, wife of a prominent citizen, suicided by drowning in a stream last night. She had been a terrible sufferer from grippe, and is supposed to have taken the fatal plunge while mentally unbalanced.

Wisconsin University Wins.

Chicago, April 25.—Wisconsin university met Illinois in the oratorical arena Friday night, and carried off the honors. The two states were represented by three picked men from the student rolls of the university of Wisconsin, at Madison, and Northwestern university, at Evanston and Chicago. They met in argumentative combat upon the question of the desirability of the annexation of Cuba to the United States. Wisconsin took the negative and the judges decided they had the best of the argument.

GOLD IS TO TRIUMPH.

Republican National Platform to Declare
for Yellow Coin.

Chicago, April 25.—A dispatch from Washington to the Times-Herald says: The republican national convention at St. Louis will declare against the free coinage of silver at 16 to 1 and for gold as the monetary standard of the United States. Conventions have now been held in twenty-eight states, and in all but five of these some expression on the currency question was made by resolution. The five states which failed to adopt planks concerning gold and silver were Louisiana, Mississippi, Virginia, Kansas and Florida, all southern states but one.

The resolutions adopted by the twenty-three state conventions vary somewhat in phraseology and intent, but may easily be divided into three classes:

1. For the gold standard without reservation or qualification.
2. For maintenance of the existing gold standard and opposition to the free coinage of silver until bimetalism can be brought about by international agreement.

3. For the use of so much silver in the currency as can be maintained at parity with gold, expressing or implying opposition to the free coinage of silver.

4. Of doubtful meaning, or for bimetalism undertaken by this country alone, or openly or covertly favoring the free coinage of silver.

Analysis of the platforms adopted by the twenty-three state conventions shows that the republicans of those states whose expressions are to be placed in the first three classes are opposed to the free and unlimited coinage of silver. Only the last named class may be suspected of favoring free coinage.

Further analysis would justify classification of states as follows:

For gold without qualification—New Jersey, Kentucky, Connecticut, Texas, Wisconsin, Rhode Island—120 delegates.

For gold until national agreement—Minnesota, Tennessee, Massachusetts, Pennsylvania, Maine, New York, Maryland, South Dakota and North Dakota—250 delegates.

For prudent use of silver in currency, but opposed to free coinage—New Hampshire, Nebraska, Ohio, Iowa—96 delegates.

Doubtful, or free coinage of silver—Oregon, Utah, South Carolina, Arkansas—48 delegates.

Taylor Is Losing Hope.

Kansas City, April 25.—Attorney Virgil Conkling has left for Washington to secure a writ of error from the United States Supreme court in the case of Murderer William Taylor, sentenced to hang in less than a week. He anticipates little success, it is said, and the murderer for the first time since his long incarceration is beginning to show signs of fear.

Canadian Parliament Adjourns.

Ottawa, Ont., April 25.—The sixth session of the seventh parliament of the dominion was prorogued Thursday night with the usual ceremonies. Lord Aberdeen was accompanied from Rideau hall by the customary mounted escort and was received at the parliament buildings by a guard of honor while cannons boomed from Nepean point.

Bank Closes Its Doors.

Washington, April 25.—Acting Comptroller Coffin has received a telegram stating that the Grand Forks National Bank of Grand Forks, N. D., had closed its doors. According to its last report the bank had assets amounting to about \$653,000 and liabilities aggregating about \$319,000. The capital of the bank is \$200,000.

CAMPAIGN IS ON
IN ROCK COUNTY
SUNDAY SCHOOL WORKERS
DO NOT FLAG.

Edgerton Meeting Was a Great Success and Tomorrow the Campaign At Evansville Will Open—The Sunday Service Announcements Made By the Local Pastors.

The second of the "Sunday school campaign meetings" will be held at Evansville tomorrow, and on the two succeeding Sabbaths at Prosser and Clinton. The Edgerton meeting was a success in all its sessions. The pulpits of the Congregational and Methodist churches were occupied by the president of the county association, J. T. Wright, of Janesville, and Children's Evangelist K. A. Burnell, of Aurora, Ill. The Sunday schools were united in a children's meeting in the afternoon at the Congregational church, fol-

lowed by a service for teachers and workers. In the evening the M. E. church proved none too large for the union mass meeting addressed by President Wright, Evangelist Burnell and others. Open air meetings were held on the street and a general effort was made to emphasize the importance and necessity of work for our young people and children. A house to house canvass of the entire city was made by Mr. Burnell.

ALL SOULS—Morning services 10:30. Subject: "The Conversion of Orthodoxy to Liberalism." The lecture will be precluded by a Book Review on "The Science of Motherhood," by Mrs. H. W. Smith, and a pulpit editorial on "Our Mayor's Annual Message." At noon the school for Religious Culture, the Emerson class and the Conversation class will meet.

PRESBYTERIAN CHURCH.—Morning worship at 10:30 o'clock. Sermon by the pastor. Subject: "The Priest and the King On the Throne; the True Philosophy of Life." Evening service at 7:30 o'clock. Subject: "The Babylonian Slave, or the Dream of a King." Prayer meeting on Thursday at 7:45 p. m.

COURT STREET M. E. CHURCH.—Rev. S. Halsey, pastor. Services at 10:30 a. m. and 7:30 p. m. Sunday school and class meeting at 12. Epworth League at 6:15 p. m. Morning subject: "A Great Legacy." Evening subject: "What is a Proper Observation of the Sabbath?"

BAPTIST CHURCH—Services of worship will be held morning and evening. Sunday School at 12. Y. P. S. C. E. meeting at 6:30 p. m. The pastors morning subject will be "Finding a Place for God." Evening: "A Practical Lecture on Lying." All are cordially invited.

MAKE MEMORIAL DAY PLANS.

The First Steps Taken at a Meeting Held Last Evening.

Janesville veterans took the first steps for the observance of Memorial day, at a meeting held at Post hall last evening. An arrangement committee was appointed, consisting of Alderman S. C. Burnham, Charles Viney, George Warren, C. J. Schottle and O. D. Child, whose duty it will be to confer with the mayor and secure to appointment of a citizens' committee to act with the G. A. R. representatives. A prominent Grand Army man stated to a Gazette man this morning that the Light Infantry, the Christ Church Cadets, and the Boys Brigade of the Presbyterian church would be invited to participate in the parade.

TO BUILD POWER HOUSE SOON

Cotton Company Getting Ready to Receive the New Engine.

The contract for the building of the new power house will soon be let by the Janesville Cotton company, the building to be erected at the south end of the Monterey mill. The new engine which is now being built in Milwaukee, will be finished in about two months and the building will be built in time to receive the engine. The new building will be of brick and will be about sixty feet square and twenty feet high, while the brick chimney will be eighty feet high. The stone has been hauled for the foundation and the work will commence soon.

BICYCLE REPAIR MEN ARE BUSY

Local Experts Now Have Plenty of Work To Do.

As the bicycle season gets well under way the repair business begins to pick up this season, business has been brisk. In one local shop seven wheels were being "doctored," and the work on each would cost at least two dollars. One of the worst accidents took place at the corner of Main and Court street. Tony Peetzer, who resides in Forest Park, was "scorching" around the corner when he ran into a horse. There was just enough of the "bike" left to remind Peetzer that he once owned a wheel.

A "SKELETON COLT" WAS BORN

Freak of Nature That Interests the Veterinary Surgeons

Janesville veterinary surgeons are greatly interested in a strange case. A mare owned by Oscar Mable gave birth to twin colts but one of them was nothing more than a well developed skeleton, while the other lived but a week. The "skeleton colt" showed no signs of life, and although its framework is perfect, there was not a particle of flesh on the bones. Dr. E. D. Roberts says the case is an extraordinary one, and the skeleton is now on exhibition at his veterinary hospital.

Y. M. C. A. CLUB'S MORNING RUN

Eight Bicycle Riders Were Up with the Lark This Morning.

The first of an early morning series of runs to be indulged in by the Y. M. C. A. bicycle club, took place at 5:30 o'clock this morning. Only eight members showed up for the spin to the creamery in the town of Harmony and return. Those who went were: F. F. Lewis, S. D. Moseley, C. F. Carr, J. C. Kline, Bernard Palmer, W. W. Watt, D. D. Dixon and J. S. Taylor.

LADY WHIST PLAYERS AT BELOIT

The Local Experts Went to the Line City This Noon.

Sixteen of Janesville's lady whist experts left on the noon train for Beloit where they met the Ladies Afternoon Whist club of the Line City in a game this afternoon. The game took place in handsomely furnished rooms of the Beloit Business Men's club, and prior to their departure for home the Janesville club will be banqueted by the Beloit ladies at the Goodwin house.

BASE BALL IS DYING
A NATURAL DEATH
NATIONAL GAME NEARLY A
DEAD LETTER HERE.

Challenges Are Sent To This City By Many First Class Teams, Such As The Chicago Whittings, But There Is No Nine Here To Meet Them—Notes.

Janesville is not liable to see the "old time" ball games this summer, but that is not for the lack of clubs that would like to play here. Within the past four weeks a dozen different challenges have been received, but there is no club to accept them. Cornelius J. McGinley has received letters from four well known Chicago clubs including the celebrated Whittings. The colored team known as the Pa e Fence Giants, who recently passed through the city in their private car, would like to arrange a game here. Chicago Union Base Ball club, also composed of colored boys have written for a date. It now looks as if base ball will die a natural death in the Bower City unless some club comes to the rescue.

There will be no ball game at Athletic Park tomorrow. When Professor Mayne, of the public schools, and Secretary Kline, of the Y. M. C. A., leased the park, it was their intention to allow no Sunday games; but last Sunday proved to be an exception to the rule. The Newsboys' club played a game there last Sunday afternoon before an audience of one hundred people, but the chances are they will not repeat the performance tomorrow. The high fence has been put in order, and locks put upon the gates. Secretary Kline says that if it is necessary, they will keep a special police officer there to arrest all who enter the grounds on Sunday.

Y. M. C. A. BOYS TO CAMP OUT

The Junior Department Members Are Figuring on an Outing

Members of the junior department in the Y. M. C. A. are planning an outing. At a recent meeting a committee of arrangements composed of Ross Bump, Arthur Clark, Fred Baker and Guy Nichols, together with Secretary Kline and Physical Director Dixon, were appointed for the purpose of arranging for a series of base ball and bicycle meets and also to make plans for a summer outing. In the junior department there are seventy-five boys and they will join forces with boys in the junior departments in the Milwaukee, Racine and Kenosha Y. M. C. A., and camp for three weeks at some lake convenient to these four cities. As yet no definite location has been selected.

THE OVERFLOW OF LOCAL NEWS.

FISHERMEN MUST BE PATIENT

No "Scientific Work" Can Be Done Until After June 1.

Disciples of Isaac Walton are beginning to turn their longing eyes toward the lakes and figure on the time when the fish will begin to bite. But they will be compelled to curb their impatience for more than a month to come no matter how hungry the fish may be, unless they are willing to take the chance of coming in conflict with the game warden. Trout are in season now, but they are the only game fish which can be legally taken now. Silver bass, perch, suckers and bull heads do not come within the prescription of the fish and game law so you violate no law by holding the end of the line at the "gas pond." But if you want to do "scientific fishing" you must possess your soul in patience until June 1, when the "close season" ends. Even pickerel come within the prescription. Item 9 of section 22 of the fish and game law makes it unlawful and prohibited to kill, capture or take by any device or in any manner in any of the inland waters of the state any black bass, green bass, Oswego bass, white bass, pickerel, wall-eyed pike and muscalonge, during the close season thereof, which begins on the first day of March and ends on the first day of June in each year, excepting as hereinafter provided.

Other provisions of this section make it unlawful and prohibited:

1. To catch, kill or take any fish of any variety in any of the waters of this state by means of dynamite or other explosives.
2. To catch in any of the inland waters of this state, any fish by means of a set line, trot line or any wire, string, rope or cable of any sort whatever having thereto attached more than one hook, with intent thereby to take, catch or kill any fish.
3. To catch in any of the inland waters of this state with any other device than a hook and line.
4. To use any pound or gill nets in the waters of the Mississippi river at any time; or use any seines over two hundred feet in length in said waters between the first day of February and the succeeding first day of July.
5. To fish through the ice in any of the inland waters with more than one hook and line.
6. To catch, catch or kill any fish in any stream or water within one hundred feet of any fishway during the spawning season of fish in such waters, or have in possession or under control any fish so taken, killed or caught.
7. To lay, use, set or prepare any drug, poison, line, medicinal bait, sea berries, dynamite or other explosives or deleterious substance what-

THE NEZ PERCES RESERVATION

It is a Desirable Land for Farmer Emigrants and Offers Big Inducements.

That portion of the famous Nez Perces reservation which was thrown open to settlement on Nov. 18 lies chiefly in Nez Perces county, in the western part of northern Idaho, says the Northwest Magazine. It comprises 1,170 square miles, or 542,074 acres—enough to give 3,380 families 160 acres each. Truly speaking, it is one of the most favored regions in the northwest. The surface is traversed by the Clearwater and Lapwai rivers and their numerous tributaries, and the land, which is a rich, black loam and easily tilled, needs no irrigating. Very little effort will be required in order to produce abundant crops in these sheltered and fertile valleys. The reservation is also crossed by the Craig's mountain range, which is really nothing but table land that is well adapted to farming, grazing and lumbering. In the immediate vicinity are the well-known Palouse and Potlatch sections, which are both famed for the magnificent quality of their fruit and cereal products and the lands of which are worth \$30 to \$100 and \$300 per acre. The reservation lands are simply a continuation of those favored regions. Climate and soil are adapted to the cultivation of all the cereals, and of grapes, pears, peaches, apricots, plums, prunes, berries, melons, etc. Transportation facilities are already provided in the construction of the Spokane & Palouse railroad, a branch of the extensive Northern Pacific railroad system, which will soon be extended to points to which no other lines can afford to penetrate. In fact, surveys have been made and plans adopted which are certain to result in the rapid and perfect development of the new country.

With all these facts in view, the statement that this virgin empire is being rapidly occupied by enterprising settlers will occasion no surprise. All conditions are favorable. There is plenty of timber and the country is rich in minerals. It is probable that at least two good towns will grow up, one on the Lapwai or Clearwater and another beyond Craig's mountain in what is known as the Cold Springs country. Other towns will, of course, follow in time. But markets for the immediate future are already provided, since the entire territory is contiguous to Lewiston and other important commercial centers.

It is understood that agricultural lands on the reservation can only be taken under the homestead act, but in addition thereto the settler must pay \$3.75 per acre, one-half of which must be paid within three years from date of entry and the remaining half at date of final proof. In all other respects the homestead act governs.

The Marriageable Age.

In many ways the girls of 18 are more fit to marry than they were in our grandmother's time, and yet observation tells us without question that the age at which girls marry now is advanced by several years beyond that of one hundred years ago.

The early marriages of the past have been of no benefit to the present race, and we are showing wisdom in our generation in setting the clock of time back a few years.

For one thing only are early marriages desirable, and even this result does not always accrue by any means. We mean the possibility of the couple growing more closely together in tastes and fancies if these are matured after marriage.

It is not considered desirable that the woman should be the elder of the parties to the contract. But even this objection is being lessened as years go by, for the woman of 25 was 50 years ago. Nevertheless it is well that there should be the advantage of age on the husband's side. If a man does not marry until after he is 35 it is better that there should be a decided disparity of age between them, as he will be so set in his ways that the wife will be obliged to yield deference to his wishes at every point. A woman who is also set in her ways will not be likely to do this. When there is a very great disparity in the ages, it is that the young girls can be party to such contracts, though it is very wise for the man when he at 60 marries a girl of 20, a woman of suitable age wouldn't put up with his almost certain crankiness. Philadelphia Call.

Tunnels Are Cheaper.

There has been a very marked decrease in the cost of tunneling of late years. The Railway Review, commenting on this fact, ascribes it to the great improvement that has been made in rock-excavating tools and in general mechanical methods. According to the same journal the Hoosac tunnel cost \$379 per foot, the Mont Cenis, the next in cost, the \$356 per foot, the St. Gothard \$229 per foot and the Aarberg \$154 per foot. The tunnel on the line of the Northern Pacific railroad through the Cascade mountains, 8,950 feet long, was bored at the rate of 413 feet a month at a cost for the complete tunnel of \$118 per foot.

"This X ray is doing wonders for mankind," he remarked.
"Yes," his wife replied. "It has done lots for mankind. Maybe it'll be developed in the course of time to where it will enable womankind to see whether her hat is on straight or not without looking in the glass."—Washington Star.

Model Servants.

"Do you tip your servants?" the visitor wanted to know.

"Well, yes, sooner or later," she replied. "My husband attends to it; only he doesn't call it tipping—firing is the word he employs."

But the visitor thought it would answer just as well.—N. Y. Recorder.

Cosmopolitan Paris.

Some idea of the cosmopolitan character of Paris may be gained from the statement that there are 184,000 foreigners in the city, of whom only 8,000 have an independent income. Of these aliens 27,000 are Germans, although Berlin has only 397 Frenchmen.

Public Debts of Europe.

According to the latest statistics, the public debts of the European nations aggregate \$23,229,000,000, or about \$64 per capita for the whole population. The heaviest per capita indebtedness, \$160, is in Portugal. France comes next with \$135. England's rate is about \$106. Switzerland is the smallest, \$5.

IMPORTANT TO SUFFERERS.

HOW YOU MAY OBTAIN A LASTING CURE FROM PILES.

No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy, But It Does the Work.

There are some people who have piles as frequently and regularly as other people have colds.

Any little bowel trouble will bring them on, any extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, are much more serious than a cold, as the tendency is always to grow worse until the trouble becomes deep seated and chronic, or develops into some fatal rectal disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a permanent cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless, vegetable ingredients, but combine so effectively and act so promptly and thoroughly that it cures every form of piles whether itching, blind, bleeding or protruding. In long standing cases the Pyramid Pile Cure has proven to be the only certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay or interference with daily occupation and, last but not least, is cheaper than any surgical operation could possibly be, costing but a dollar a package at any drug store.

The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co. of Albion, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on cause and cure of piles, together with testimonials from every section of this country.

FOR YOUR PROTECTION—Catarrh "Cures" or Tonics for Catarrh in liquid form to be taken internally, usually contain Mercury or Iodine of Potassa, both of which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarrh will follow: severe pain in the head, a roaring sound in the ears, bad breath, and oftentimes an offensive discharge. The remedy should be a quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious ingredients. Price, 50 cents.

NOT A YEAR FOR QUARRELS.

Wisconsin republicans must not mar their chance for a splendid victory this year by factional disputes. This is not the year for ventilating private grievances. It is time the people turned from minor questions, for the moment, and declared clearly and emphatically their opinion of democratic rule. It should not be forgotten that democratic defeat this year will be because of the party's failure not only to improve the situation, but to keep things in as good order as it found them. All of its proceedings have tended to discredit its sincerity and its capacity. In not a single instance has it manifested the intelligence required to carry on the business of the government. The record that it has made since its restoration to power under conditions in every way favorable to the vindication of its ability and patriotism is one of constant delinquency. This is the basis of the popular feeling against it. The fact of its demonstrated lack of ordinary political sagacity is the one that makes its success impossible this year. Nobody cares what it professes or proposes. Its opinions and sentiments count for nothing when the proof of its failure is so plain and so complete. There is no need to talk about its old transgressions. Its course since March 4, 1893, has furnished all the arguments that are required to convince the people that they can not afford to let the control of the government remain in its hands; and the rebuke to be administered must not be weakened by the faltering of any state—least of all Wisconsin.

The Virginia senators did not dare to oppose the confirmation of Fitz Lee as consul general to Cuba, although he was appointed without their knowledge but they are said to be working to hang up or defeat the nomination of Lee's son-in-law for the internal revenue collectorship formerly held by Lee.

That distinguished democrat, William R. Morrison, sometimes mentioned as a possible presidential candidate, says of Secretary Carlisle: "He has such intellectual strength and balance that it is sometimes difficult to tell which side he is on of the line between what is and what is not."

Let it not be overlooked for one moment that the greatest need of this country is a protective tariff, one high enough to restore wages and prosperity to what they were before the swallowing of that overdose of democratic tariff.

The difference between borrowing \$260,000,000 and having paid \$250,000,000 of the public debt, is one of the differences between the present administration and that of General Harrison.

It is evident that the contractor of the Dr. Nansen North Pole fake is writing up the republican contest for the presidential nomination for democratic and assistant democratic papers.

Pitchfork Tillman is a democrat, if the Chicago convention goes his way; otherwise he's a populist. There are people who think that he is only a plain, everyday demagogue, anyway.

The unanimity of prominent democrats in being willing that the nomination should go to ex-Gov. Russell, of Massachusetts, must arouse the suspicions of that gentleman.

Fighting sin must be lots harder work than sinning. At any rate, the fighters of sin seem to require more vacations than the chief sinners.

It looks like the addition of 20 per cent. to the cost of shovels, by the

newest trust, was an attempt to tax the amateur gardeners.

Mr. Cleveland is now said to have but one wish, and that is to prevent the silver democrats controlling the Chicago convention.

Mr. Cleveland cannot talk Spanish, but when it comes to Cuban matters he can act Spanish with the oldest don of them all.

It isn't figures that lie, it is the men who manipulate them to make them show whatever is desired.

German Methodists Adjourn.
Mascoutah, Ill., April 25.—The German Methodist Episcopal conference, comprising churches in central and southern Illinois and southwestern Missouri, closed a four days' session here Friday. In connection with the conference, an Epworth league convention was held, and the reports and work of both meetings were of a very satisfactory nature. The officers chosen for the ensuing year were: President, Rev. J. C. Rapp of Decatur; vice presidents, Rev. Messrs. Schultze, Schutz, and Weiffenbach; treasurer, Rev. Mr. Ludwig; secretary, Rev. T. Kiess of Boody.

President Cleveland Censured.
Denver, April 25.—The Grand Army of the department of Colorado and Wyoming, which is now holding its annual encampment in this city, has adopted a resolution censuring President Cleveland for his policy in regard to the pensions.

Lee's Nomination Confirmed.
Washington, April 25.—The senate in executive session has confirmed the nomination of Gen. Fitzhugh Lee to be consul-general at Havana, Cuba. There was no opposition to confirmation. Both Virginia senators expressed themselves as satisfied with the appointment.

Iowa Republicans Meet July 15.
Des Moines, Iowa, April 25.—At a meeting of the republican state central committee, July 15 was decided upon as the date for the state convention to nominate candidates for state offices, Des Moines as the location. Rollin M. Wilson of Fairfield was selected for temporary chairman.

GOD'S SERVANT DIES WHILE IN THE WORK

WILLIAM HEMPHILL MEETS HIM WHOM HE SERVED.

But an Hour Before His Sudden Demise He Was Helping Evangelist Burnell Canvass the City of Edgerton and Was Apparently Well and Strong—Other Deaths.

It was but an hour after he had finished his morning's work in the Lord's vineyard, that William Hemphill, the Edgerton man who died so suddenly of heart disease was summoned into the presence of Him whom he served.

Mr. Hemphill had devoted the forenoon of the day on which he died, to helping Evangelist K. A. Burnell in making a house to house canvass of that city, in furthering the "Sunday school campaign." At noon they separated, and in half an hour, Hemphill was dead. When he left Mr. Burnell, he was apparently in the best of health and spirits. He was not known to be ailing in any manner and the end came to all appearances without any warning or premonition. He walked into the house at Spencer Clark's took off his hat and seated himself in a chair and enquired of Clark's son how the hunting was at the lake. Before his question could be answered his head fell limp to one side and after a few gasps he was dead without a struggle or the movement of a muscle. Dr. J. A. Lord was called, who after a careful examination pronounced the cause of his death apoplexy. About eight months ago Mr. Hemphill sold his farm near Busseyville, and moved into the city. The coroner's jury decided that he died of apoplexy.

Charles Richards.

Charles Richards, a former resident of this city, died at Knapp, Wis., Thursday morning. He went to Fond du Lac from Janesville some time in the seventies, and in 1883 removed to Knapp to live with his daughter. Mr. Richards served in the late war, being a member of the Twenty-first Wisconsin volunteers. The deceased is survived by one son, E. B. Richards of Fond du Lac, and a daughter, Mrs. Cora Chase of Knapp.

Funeral of Mrs. Ryan.

All that was mortal of the late Mrs. James Ryan was laid to rest this morning at Mount Olivet cemetery. Services were held from St. Patrick's church at 10 o'clock, conducted by the Very Rev. Dean McGinnity. The pall bearers were George Sennett, Thomas Madden, Stephen Leary, Watt Daley, James Murphy and John Burns.

Funeral of Mrs. Bailey.

Funeral services over the remains of Mrs. Mary M. Bailey were held this afternoon at 3 o'clock from the home, 18 North Bluff street. The Rev. R. K. Manaton of the First M. E. church officiated and the interment was in Oak Hill.

FRIENDS MET MR. AND MRS. GROVE

Pleasant Reception at the Home of the Groom's Parents Last Evening.

Mr. and Mrs. J. Morgan Grove, of Chicago, are the guests of the groom's parents Mr. and Mrs. B. Grove and a very enjoyable reception was tendered them last evening. The Elgin Courier gave the following account of their wedding which occurred at that city Thursday.

"J. Morgan Grove and Miss Eva L. Hanna were married this afternoon at 3 o'clock at Immanuel Baptist church, Rev. Loran D. Osborne, the pastor, officiating.

"They were supported at the altar by Fred Grove of Janesville, Wis., cousin, brother of the groom and Miss Ida Keith of this city.

"The altar was handsomely decorated with flowers. The bride was dressed in a becoming gown of white.

"After the ceremony a dinner was served at the home of the bride, 315 Grace street. Mr. and Mrs. Grove departed at 6 o'clock for Wisconsin, where they will visit relatives, after which they will reside in Chicago.

"Mr. Grove was formerly a machinist in the employ of the watch company, and is now connected with the Chicago Telephone company, in the experimental department.

"His bride is an estimable young lady who has resided here for several years, being employed until recently in the jewelry department of the watch factory. She is a member of the Immanuel church, and is very popular with the young people of the city."

CRONKHEIT ESTATE STORY PRONOUNCED A CANARD

Thought to Be the Device of Somebody Who Hoped to Work Some of the Heirs—Twenty-Three In Wisconsin Have Their Hopes Cruelly Shattered.

J. W. Bates has returned from the east after spending six weeks investigating the Cronkheit estate. He represented twenty-three heirs who live in the state. He did not succeed in finding any great amount of money, however, and says it is his opinion that the whole story is either a canard or a money making scheme started by some who expected to reap a profit by getting the so-called heirs to advance money for the purpose of investigating the chances of getting a prospective fortune.

MILK SELLS AT TWO CENTS A QUART

War Among Dealers Results in a Deep Cut in Prices.

Milk went down—way down—this morning.

Two cents a quart is the price.

Fifteen of the recognized dealers announced this reduction to their customers in the course of the day.

They don't pretend that two cents a quart pays expenses—it barely pays the handling charges—but they think the move will end some of the guerilla warfare has been waged this spring.

Absolutely spot cash will be the rule under the new arrangement.

ROYAL BAKING POWDER
Absolutely Pure.

After examining samples of the leading brands of baking powder I have arrived at the conclusion that the Royal is superior in purity, leavening power and keeping qualities. It is a cream of tartar powder, entirely free from alum, lime, ammonia, and all deleterious ingredients. GEORGE S. COX, Wisconsin State Chemist

WHAT SORT OF ADS DO WOMEN READ?

THEY WILL TELL FOR THEM-
SELVES MAY I.

Lively interest in the Ten Dollar Com-
petition is shown—Store News is
the Best Kind of News to Hun-
dreds of Readers—Who Get the
Greenback.

What sort of an ad. has most influ-
ence on women?

Every advertiser in town wants to
know and The Gazette competition
will give him a chance.

Women are taking a lively interest
in the prize offer.

Several are making from six to a
dozen lists each, in this way giving
themselves the benefit of every doubt
when three or four ads. seem to be
equally good.

The ads. that they choose as the
most effective will be reproduced in
miniature when the competition ends.

One thing about good ads.—they
are new. Women are interested—
deeply interested—in NEWS about
dry goods, about shoes, about house
furnishings, about groceries. She
finds such news profitable reading, for
every saving she makes leaves her with
just that much more pin money.

Store news, properly reported and
properly edited may be just as inter-
esting as any other part of the paper.

If you haven't begun clipping the
"best ads." see that you begin to-
night. The ten dollar bill may go
your way as well as anywhere else.
These are the conditions:

One display ad. is to be clipped from each
issue of the Daily Gazette for April and marked
with voter's name and the date of issue.

The bunch of advertisements—one from each
issue in April—are to be mailed to the Gazette
before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they
chose.

The best ad. for each day will be determined
by counting the ballots sent in at the end of the
month. No ad. is to appear twice in one list.

The contest is confined to display ads—not
reading notices or local. Janesville ads only.

Size, the typographical beauty and verbal
cleverness are not the essential qualities. The
"best ad." under the terms of this contract, is
the one that seems likely to draw the most busi-
ness. No matter if the wording be clumsy and
and the typography poor, the ad. that brings re-
sults, is the best ad. of the world over.

The ad. that makes a hundred people say
"That's a fine ad." is good, but the ad. that makes
a dozen people buy, is better.

Read these conditions carefully, sub-
scribers and non-subscribers, and get
your scissors ready

STARTLING FACTS!

HEALTH AUTHORITIES GREAT-
LY AGITATED.

Death Rate Twelve Per Cent. Great-
er in January '96 than in '95--
Good Advice to Follow.

A total of 2,022 deaths in Chicago
during a month in 1896 has given that
City's Health Department great con-
cern. Dr. Frank W. Rielly, As-sistant
Commissioner of Health, in his Janu-
ary report says: "There has been a
marked increase in deaths from dis-
eases of the heart and kidneys." The
statements of Dr. Rielly are borne out
by proofs, and no doubt the same facts,
if they could be obtained, would be
shown to exist in all cities and towns
of the country.

Kidney diseases are prevalent every-
where; among the rich as well as the
middle classes, but there exists no
reason why Chicago's people should be
more afflicted with Kidney troubles,
Bright's Disease, Rheumatism, Gout,
etc., than any other city. Still it is not
to be wondered at that such prominent
medical authority as Dr. Rielly should
advise those with symptoms of
incipient Bright's Disease, (or kidney
complaint) to seek advice on the first
appearance of kidney trouble."

Because kidney diseases are so dan-
gerous, so insidious, and because un-
healthy kidneys bring on Bright's Dis-
ease, Rheumatism, Gout, Neuralgia,
Diabetes, Dropsy and other similar
troubles. The best advice to be given
for such diseases is to use Dr. Hobbs
Sparagus Kidney Pills. They are a
sure specific for all kidney troubles.

Physicians endorse Dr. Hobbs Spar-
agus Kidney Pills and are fully just-
ified in doing so. Thousands who have
been restored to health have added
their testimony to the curative powers
of these wonderful pills.

Every city and town's death rate can
be lowered by the timely use of Dr.
Hobbs Sparagus Kidney Pills. Have
you Rheumatism, Gout, Diabetes,
Dropsy, Neuralgia? Have you pains
in the back, headache, thirst, dry skin,
puffiness of the eyelids, swelling of the
feet and ankles, or dark-colored urine?
which are some, though not all, the
symptoms of Bright's Disease and other
kidney troubles.

Heed the warning. Take the advice
given and run no risk of swelling the
death rate in your city.

One Minute Cough Cure touches the
right spot. It also touches it at the
right time if you take it when you
have a cough or cold. See the point?

"WHEN ELI'S HAD HIS DINNER."

On long, hot Sunday afternoons,
When we've got home from meetin',
An Eli's changed his pantaloons,
He's awful set on eatin'.
He's that outrageous cruser 'twould shame
An unconverted sinner.
I have to stand a heap of blame
Till Eli's got his dinner.

An so I'm never very slow
To get the kettle bilin';
I call it duty, for I know
His temper is a spillin'.
I warm the taters an the meat
An don't let nothin hinder,
An then I let the feller eat,
An Eli gets his dinner.

Now, Eli's not a greedy man,
But somehow, come a Sunday,
He'll eat a bigger dinner than
He'd think of on a Monday.
An when he's done he tips his chair
Back 'gainst the kitchen winder,
An soon you'll hear a snorin there
When Eli's got his dinner.

But when he's dozed a little while,
Half wakin an half sleepin,
He'll wake up in a better style
For Sunday an a deakin.
He'll talk so pious an so kind,
'Twould touch a hardened sinner;
A better man you'd never find
Than Eli after dinner.

BIG TOM, CONVICT.

There were those who said that convict 1280 was innocent of the crime which sent him to prison for such a long term of years, but that there was scarce a hope of his ever being a free man again. They meant that he was technically guilty. He had sought to save a woman from a beating at the hands of her husband, and in the struggle and excitement he had struck a blow which caused the death of the man. It was accident, in a sense, but it was also manslaughter. No man who is a man will stand by and see a woman beaten, and yet if he interferes he must take his chances with the law. Big Tom, as the convict was sometimes referred to, was, like most big men, a child in his gentleness and good nature. He did not complain, but he grieved. He thought of the years and years which must drag away before the prison doors would open to him, and he moved about like a weak, old man. The prison officials felt pity for the man, but a convict is a convict, and all must be treated alike—all who show obedience to the rules. They sized him up as childlike and good natured, and yet they said to each other as they talked of him:

"Look out for Big Tom! He will break loose some day and do some desperate thing!"

They thought it would come during the first six months of his term—then during the second—then they almost became afraid of him. Men who are slow to anger—who go on grieving, brooding and bearing a mental burden for weeks and months are devils when the climax comes.

Big Tom had the management of the trip hammer in the machine shop. Had they put him in the shoe shop or tailor shop he would have rebelled at once. His place was beside the biggest piece of machinery in the shops, two pieces of machinery, as it were—Tom and Trip. Day by day and week by week and month by month, as the ponderous hammer rose and fell and its blows shook the very earth for yards around, making the convict smile and look proud, the guards had an eye on him and kept saying to each other:

"It will come. It is only delayed. When he breaks loose, he will kill some one and have to be killed in turn."

Nearly half of the second year had passed, and the giant convict had never even sulked, when one day there came into the shop as sightseers a husband, wife and little girl 4 or 5 years old. Children are seldom seen in prisons, and it is a rare thing that they are taken into the shops in the yards. If any one in that prison knew that convict 1280 had a daughter—a fair haired, handsome child, who could only walk alone when the jury pronounced his verdict of "guilty"—he had forgotten the fact. His wife had visited him as often as visitors were allowed, but the child had never been seen within the grim walls. Knowing that her husband had killed a man by accident, the wife could bear to see him wearing the horrible stripes of a convict, but to let the child look upon him, to gaze in wonder at the iron bars, to ask why all those men were there, a thousand times no! And so this was the first child Big Tom had seen since the heavy doors shut him in. Father, mother and child came close to him and gazed at the ponderous hammer with wondering eyes. You would have argued that the sight of the child would have softened the convict's heart and brought tears to his eyes, but it did not. It brought a feeling of madness, of desperation, of frenzy. To save a woman from a brutal beating at the hands of a drunken, worthless thing not fit to be classed with men he had struck a blow.

A jury had called it murder in the second degree, and he was here in prison on a sentence almost never ending. He had been wronged, and the knowledge of it fired his heart and brought the long expected outbreak. With a sudden cry which startled every one in the noisy shop Big Tom made a spring forward, seized the child in his arms, and there was a shout of defiance on his lips as he held her at arm's length and glared about him. The mother of the child gasped for breath and staggered back to the wall and sank down. The father stood staring, as if struck dumb, but presently held out his hands in silent supplication. Big Tom glowered and muttered in reply. He was a convict, a childless father. He was dead to his child—she was dead to him. He could not make another father's heart ache and throb and grieve as his did, but he would secure revenge.

After muttering he was silent. No one cried out. Guards and convicts were seemingly stupefied. There was the hum of machinery, but not of voices. Convicts turned from forge and anvil and bench and lathe and held their breath. The two shop guards leaned forward in

their chairs and looked and looked, but they did not move or cry out.

"What will he do with the child?"

The two men working at the trip hammer with Big Tom had fallen back. He had control of the machinery which worked it. The answer to the question could be read in his eyes. Men had wronged him under cover of the law. He had been deprived of liberty, degraded and disgraced. Death were more merciful than such a sentence as his, and in dying he would secure revenge. A piece of iron had been left under the hammer. There was heard the sound of crash! crash! crash! as the mass of iron rose and fell at regular intervals—that sounded above the monotonous hum of the machinery.

"He will thrust her under the hammer!"

So thought each guard and each convict—so thought the father, whose feet seemed chained to the floor and whose face was whiter than the dead. One of the guards could have touched a button and signaled the engineer to shut off steam, but he did not move a hand. Either guard had a fair mark to shoot at, but their pistols were not lifted. Up and down—up and down went the hammer, but suddenly the belt was thrown over on the loose pulley and the mass rested on the anvil. It seemed to those who looked as if they had been looking through a mist—such a mist as rises from earth of a summer morning. It seemed to them that this mist thinned out—cleared away before the influence of a rising sun, and by and by they saw the child nestling on Big Tom's hairy breast, one hand smoothing his cheek, and seeming to come from a long distance off they heard her childish voice saying:

"No, you wouldn't hurt Nellie—you wouldn't hurt Nellie! What makes you cry? Have you got a little girl too? Won't they let you go home to see your little girl?"

And the convicts advanced step by step, and the guards crept forward, and lo! Big Tom's tears were falling as he hugged the child more tightly and kissed her fair hair and rosy cheek. There was silence yet—silence as he walked to and fro and wept and sobbed and lifted the child till she could clasp her tiny arms about his neck and rest her cheek against his. Not a whisper among the convicts—not a move from father or mother or the guards. By and by Big Tom placed the child in its father's arms, wiped the tears from his eyes on the sleeve of his striped jacket, and with a "God bless the little darling!" and a "Thank ye, sir!" he returned to his work, and the hammer was lifted and held in waiting for the hot iron to be placed on the anvil beneath.

The guards motioned for the other convicts to go back to their benches and forges, and a minute later the visitors had gone and work was in full blast. The long expected outbreak had come and gone. For 30 seconds Big Tom had felt such a raging hate in his soul that he was transformed into a human devil. The child had smiled into his burning eyes—her soft touch had lulled him—her words had brought back his reason. Was he punished? No! A year later he was pardoned, and today another fair haired, blue eyed, smiling child puts her arms about his neck and says: "You are such a great, big papa, but you wouldn't never hurt nobody, would you?"—Detroit Free Press.

AN HONEST DOCTOR.

ENDORSES LYDIA E. PINKHAM'S
VEGETABLE COMPOUND.

The Best Medicine Ever Invented for
Women—Advises His Patient to Use It.

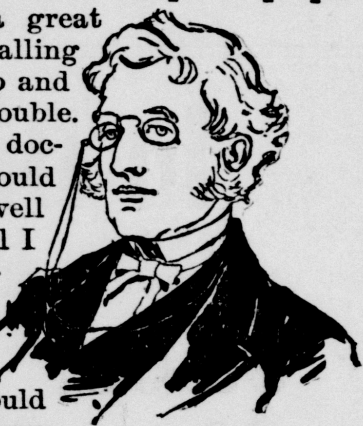

The following letter from Mrs. E. R. Weber, of 1707 Jefferson St., Baltimore, Md., should dispel all doubt from the minds of the most skeptical people

"I was a great sufferer of falling of the womb and kidney trouble. My dear old doctor said I would never be a well woman until I had undergone an operation, and even then, I would always have trouble; that the womb was too weak to go without a support. I had been six weeks in bed and they were getting ready to perform an operation, when I picked up a paper that had been laid on the bed, and glancing at it, saw your advertisement.

"I begged my husband to let me try a bottle. He at once got it and I began its use. My improvement was rapid, and soon I was able to be around, feeling like a new woman. My doctor was surprised, and thought my recovery was due to his remedies. I showed him the Vegetable Compound and told him that my recovery was due to that alone. He looked at it and then said,

"Mrs. Weber, I do not believe in patent medicines, but I will say that Lydia E. Pinkham's Vegetable Compound is the best medicine that God ever invented for woman."

Continue to use it. I did so and am entirely cured of all my troubles, and am strong and well. It will prove to all suffering women the blessing it is to me, if they will try it."—Mrs. E. R. WEBER, 1707 Jefferson St., Baltimore, Md.

OUR
Muslin Underwear,
SALE.

We were disappointed in not receiving the shipment of Muslin Underwear for Wednesday's sale, but it will probably arrive to-day, and as soon as it does the line will be on sale at advertised prices.

At the last sale we offered the sample line of the Standard Manufacturing Co., of Jackson, Mich., and as usual the sale was an unqualified success; but there were many of the regular lines on which we were short, such as the cheaper number in Ladies' Drawers, Corset Covers, Chemise, Skirts and Gowns; also the Children's Drawers, and this sale will offer some extra values in these lines.

Children's Muslin Drawers in all sizes, extra well made, cluster tucks.....	10c
Ladies' Muslin Drawers, cluster tucks, also trimmed.....	25c
A dozen styles of Corset Covers, all neatly trimmed with embroidery, every size.....	25c
Special lines of "Frilly" and "Umbrella" Drawers at 69c, 79c and.....	89c
Special lines of Gowns at 69c, 89c and.....	\$1.19
Special lines of Skirts at 89c, \$1.19 and.....	\$1.39
Matched Sets—Gown, Skirt, Drawers and Corset Cover.....	two new lines.

NOTE—We call particular attention to the superior make of the Muslin Underwear we sell.
